Emanuel De Martinez

My name is Emanuel De martinez. I was born in Caracas Venezuela, raised in Miami Florida. Being brought up by different design philosophies shaped my way of thinking from a small age, I valued the idea of form through function without forgetting the beauty of things.

WORK EXPERIENCE

AUTOMOTIVE ANALITICAL RESEARCHER

The CARLAB / (4 months)

While working at The CARLAB I learned how to manage automotive data and accurately execute brand research to produce industry level proposals while gathering consumer research, analyzing data, forecasting brand growth, and design & package a vehicle proposals.

EXTERIOR DESIGN

Infiniti Sponsored Project / (3 months)

Working with the Infiniti team was such a privilege, they tasked us with designing a new vision of what Infiniti should look like in 2030 while maintaining all of its heritage. I learned Brand research and consumer base, brand language development, and exterior styling while surfacing.

INTERIOR DESIGN

Stellantis Sponsored Group Project / (3 months)

During my Stellantis project I got to work with people from different majors to reinvent what Stellantis would bring to the future and refine their imagine as a whole. I learned how to work as a team, combine concepts, and create a cohesive proposal while utilizing input from all teammates.
